

How We Are Keeping You Safe During COVID-19

Your health and safety is our number one concern. Our center has always been committed to maintaining strict infection control and prevention processes. We want you to know about the additional measures that we are taking to provide a safe environment for your procedure.

Symptom Screening for COVID-19

- We are screening patients, staff and anyone entering the center for symptoms
- Every person entering the center has their temperature taken

Masks and Social Distancing

- All employees are wearing masks
- Patients wear a mask or face covering to the center
- Social distancing rules are followed throughout the center
- Patient escorts are asked to remain in the car until patient is ready to go home

Center Cleaning

- Our center follows state and federal infection control requirements to protect our patients, and as always, we are cleaning every room after each patient
- High touch surfaces are receiving extra cleaning throughout the day
- We provide hand sanitizer and tissues in all patient care areas
